

Our trails opened on January 7th with the exception of the Elcho swamp trail segment which is open now. We experienced some rain and warm weather which didn't help. Our trails are in good condition now with thin snow cover, expect some ice in the corners. Our volunteers have been out countless hours, first with brushing and re-brushing from the ice storm to now spending many hours in the groomers.

With trails comes safety and there are already 8 fatalities in Wisconsin! There have been a LOT of sleds not stopping at stop signs. Remember our guys spend a lot of time putting those signs up for your safety! If a motor vehicle hits you the outcome is usually deadly, stop at ALL stop signs and encourage everyone in your group to be safe.
